Bloomberg

Finance Fundamentals (BFF) Course Overview

A ONE-DAY INTRODUCTORY
CERTIFICATION PROGRAMME

The **Bloomberg Finance Fundamentals (BFF)** programme is an introductory, globally recognised certification designed to make financial literacy accessible to all. Hosted by **NUST, MTC, and NIFA**, this immersive **one-day course** introduces participants to fundamental financial concepts using Bloomberg Terminal technology, providing practical insights into how global financial markets function.

COURSE MODULES & SKILLS GAINED

- **Introduction to Financial Markets**
 - Understand how stock markets, bonds, and currencies operate in the global economy.
- **Economic Indicators**
 - Learn about GDP, inflation, interest rates, and their impact on everyday financial decisions.
- **Personal Finance & Budgeting**
 - Basics of managing income, expenses, and building a financially secure future.
- **Stock Market Basics**
 - How stocks are traded, the role of investors, and understanding key market trends.
- **Currencies & Exchange Rates**
 - The basics of foreign exchange and how it affects purchasing power.
- **Commodities & Global Trade**
 - Learn how resources like oil, gold, and agriculture influence economies.

WHO SHOULD ATTEND

- ✓ High school students exploring career opportunities in finance and business.
- ✓ Non-financial professionals who want to improve their financial literacy and decision making.
- ✓ Entrepreneurs and small business owners looking to understand financial markets.
- ✓ Parents and educators interested in equipping youth with practical financial skills.

PROGRAMME BENEFITS

- ✓ No prior financial background required – beginner-friendly format.
- ✓ Engaging, real-world financial examples to simplify complex topics.
- ✓ Hands-on interaction with Bloomberg Terminals for practical learning.
- ✓ Globally recognised certification upon completion.
- ✓ Small, interactive sessions for personalised engagement.
